BEACON HILL

The next best thing in
South Bay living.

*While Beacon Hill beckons,
the new release of homes on February 26 is likely to be gone in
seconds.*

Poetry aside, the sophisticated, detached single-family residences of Beacon Hill have been extremely popular. And why wouldn't they be? They're nestled in a serene, park-like community convenient to downtown San Jose, major transportation corridors and a light rail station.

Our next release is scheduled for Saturday, February 26th at 10 a.m. sharp. We have a good selection of homes in this release, some with views.

With demand so strong we urge you to pre-qualify through Taylor Woodrow Mortgage. Simply download the attached [pre-qualifying form](#), fill it out and fax it to 408.293.6292. Once you do, you'll attain priority status, putting you on the fast track to home sweet homeownership.

To recap, scope out the February 26 release of homes at Beacon Hill and fax in your pre-qualifying form (but not necessarily in that order).

Here's to finding your thrill on Beacon Hill.

Sincerely,

Margo Mosher
